Students are prohibited from using electronic or other devices to make audio or video recordings of any person or persons without their prior knowledge or without their effective consent. Such recordings are likely to cause injury or distress. This includes, but is not limited to, taking pictures of another person or persons in public and private areas.

Students are prohibited from distributing or making available for distribution audio or video recordings of any person or persons without their prior knowledge or without their effective consent.

- ***Violations of the electronic device usage policy are considered MAJOR INFRACTIONS.***
